

# 3 WAYS

Jaco One EVO  
**FREES MORE BUDGET FOR  
Mission-Critical IT**

## FEWER REFRESHES

EVO is engineered to last 10 years, not 4 or 5.

Estimated 5-Year Savings per 100 Carts:

**\$330-400K<sup>1</sup>**

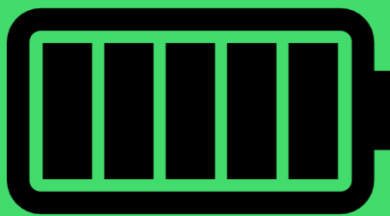

## \$0 WASTED ON SERVICE

Jaco carts are so reliable,  
over 99% of our customers  
don't purchase service coverage.

Estimated 5-Year Savings per 100 Carts:

**\$100K+<sup>2</sup>**

## SUPPLY CHAIN SAVINGS

# 99%

of Jaco **onboard**  
LiFePO<sub>4</sub> batteries  
4 to 6 yrs. old are  
still in use today

Jaco POWER BLADE™  
dual-battery LiFePO<sub>4</sub>  
**hot-swap** delivers  
longer cycle life, for  
fewer replacements  
than other lithium  
hot-swap batteries

**POWER BLADE: 4,000 Cycles**

Competitor A:  
1,600 Cycles

Competitor B:  
1,000 Cycles

Estimated 5-Year Savings per 100 Carts:

**\$93-300K<sup>3</sup>**
